

FISKARS REMUNERATION STATEMENT FOR 2015

Fiskars compensation philosophy

Fiskars compensation philosophy is based on its core belief that all things – even the simplest – can be made better and smarter through our continuous quest for improvement. Our compensation structures are designed to be market-relevant and performance-based in that outstanding performance is rewarded more than average performance. For most of Fiskars employees, compensation consists of a base salary, bonus and benefits. The total compensation including bonus should be competitive against the relevant market. For all employees, salary is based upon geographic location, level of responsibility, contribution to the business, experience and performance. The bonus practice supports the philosophy of performance based rewarding.

Main features of the Executive Board's remuneration

The Board of Directors appoints the Managing Director (President and CEO) and confirms the terms of his employment and other compensation. The Board is also responsible for appointing the members of the Executive Board, approving their terms of employment and other compensation, and deciding on the principles for the Group's compensation systems. The Compensation Committee is responsible for preparing matters related to these topics.

In addition to base salary, Fiskars offers its executives variable pay programs to further promote high performance. The company has established an Annual Bonus Plan and a Long-term Incentive Plan. In addition, Executive Board members based in Finland have a voluntary, contribution-based, pension insurance.

Incentive Plan design

Both Fiskars Annual Bonus Plan and its Long-term Incentive Plan are designed to reward for achievements against pre-established goals. Incentive Plan participants are assigned a "target level" that will dictate the incentive payout as a percentage of base pay. Incentive targets represent an overall target opportunity and are not a guarantee that a payout will be made.

Annual Bonus Plan payments will be made on the basis of performance against "plan metrics". The plan metrics may consist of a mix of financial metrics, operational metrics and other personal goals. The potential payout ranges from nothing to a maximum percentage of each participant's annual salary. The maximum level for the President and CEO and the other members of the Executive Board is at maximum 1.5 times the target level with the exception of Fiskars Americas and Gerber Americas Presidents, their maximum being 2 times the target level.

Participants in the Long-term Incentive Plan are selected by the Board of Directors annually, and the Board also decides on the earning criteria based on financial targets for the plan annually. The long-term incentive targets for the period 2015 to 2017 are purely financial and are tied to the Company's consolidated net sales and cumulative EBIT for that period at the end of 2017. For the CEO and COO, 50% of the targets are the same as for all executives, whereas 50% of the targets are based on cumulative total shareholder return including a cumulative EBIT threshold.

The vesting period for the Long-term Incentive Plan is three years. The bonus will be paid during the quarter following the vesting period. The bonuses for performance in 2015—2017 will be paid during the first quarter of 2018.
